

Support “Beyond Frontiers Foundation” in Ukraine

Today the situation in Ukraine demands immediate attention.

We need your support!

WHY

At Beyond Frontiers Foundation, we believe in a world in which every being sees light, no matter how dark of a place they are in. We believe that we are all connected, and have a bounding responsibility that comes along with that. We believe that there is innate good in all beings. To us, that is worthy and deserving of life and love, and so we strive to reduce extreme suffering.

HOW

We have built up a wide contact base, (internationally) cooperative and pour our hearts into our missions.

WHAT

From the first days of the war we have been meeting refugees on Poland border, sending urgent needs to civilians in destroyed cities, evacuating wounded soldiers and disabled people from Ukraine to EU (more than 250 persons), providing needs for civilians, kids and soldiers in Ukraine, close to the frontline.

The MISSION

Right now our team of medical volunteers of BFF is near Avdiivka and Bachmut in Ukraine — cities that have been destroyed by Russia.

We provided a list of medical supplies and equipment for our ambulance to help wounded people here. With our medical team we are going to provide first aid to wounded soldiers and civilians and transport them to the nearest hospital for further treatment to ensure they receive life-saving timely intervention.

Your contribution will help us to cover:

1. Equipping the ambulance with stabilizing medical supplies. Done!
2. Covering the costs of fuel and logistical expenses necessary for our team to reach and operate within the affected area during our trips in February - April.
3. Accommodation and list of medical supplies during our three months mission in Ukraine.

Your donation will contribute to making a meaningful impact on the lives of those affected by the conflict in Bachmut. Any donation, no matter the size, will help.

We are grateful to you for considering making a donation — making a difference.
